

**Angular grippers**
**Single acting**
**Magnetic piston**
**Ø 8 to 25 mm**

**Smooth, accurate movement**  
**Long, uninterrupted service life**  
**Low weight**  
**Compact size**  
**Integral magnets for positional feedback**

### Technical data

**Medium:**  
 Compressed air, filtered, lubricated or non-lubricated  
**Operation:**  
 Single acting, angular, magnetic piston  
**Operating pressure:**  
 2 to 7 bar  
 (Ø 8 mm 3,6 to 7 bar Ø 10 mm 3 to 7 bar)  
**Operating temperature:**  
 0°C to +60°C  
 \* Air supply must be dry enough to avoid ice formation at temperatures below +2°C

**Mounting:**  
 Mounting holes on three faces

**Mechanical life:**  
 ~ 5 million cycles before maintenance may be necessary

**Operating frequency:**  
 180 cycles per minute maximum

### Materials

Body: aluminium alloy  
 Fingers: carbon steel  
 Elastomers: nitrile

### Ordering information

To order a gripper with an effective closing grip force of up to 1,4N at 5 bar quote:  
**M/160306/M/11**

Order magnetically operated switches separately

### Accessories

Switch M/344

## Warning

These products are intended for use in industrial compressed air systems only. Do not use these products where pressures and temperatures can exceed those listed under 'Technical Data'.

Before using these products with fluids other than those specified, for non-industrial applications, life-support systems, or other applications not within published specifications, consult NORGREN.

Through misuse, age, or malfunction, components used in fluid power systems can fail in various modes.

The system designer is warned to consider the failure modes of all component parts used in fluid power systems and to provide adequate safeguards to prevent personal injury or damage to equipment in the event of such failure.

**System designers must provide a warning to end users in the system instructional manual if protection against a failure mode cannot be adequately provided.**

System designers and end users are cautioned to review specific warnings found in instruction sheets packed and shipped with these products.
